LED Floodlight PLAZA 901

Use: Indoor and Outdoor

Advertising panels, gateways to yards, illumination of storefronts and objects, for emergency and salvage services, schools, public buildings...

Appropriate for all areas, that need a broad illumination area.

Advantages

- Full luminous flux is immediately available
- Less power consumption at very high utilization ratio
- Minimum of temperature growth
- Extremely consistent in switching (>1 Mio)
- Maintenance free
- Broad operating range
-40°C up to +55°C
- No UV/IR-radiation
- Insensible against pushing and vibrations

Already included in the scope of delivery:

- retaining bracket for ceiling- wall- or floormounting

LED Power	10W
Voltage	230V AC
LED lighting efficiency	80lm/W
CRI-Index (colour rend. index)	Ra>80
Lifetime of LED	>50.000h
Loss of luminous flux	<10%
LED Consistency of switching	>1 Mio
Corralated colour temperature	5.500K
Operating range of temperature	-40°C up to +55°C
Material housing + reflector	aluminium
Colour	silver-grey
Cover	5mm safety-glass
International protection / protection class	IP65 / I
Weight	0,8kg
Dimensions L x W x H	114 x 86 x 87 mm

Lightning colour coolwhite 5.500K

Watt EDP-No. Product-ID-No.

10W	92708	901.FLOOD.LED.10W.CW.230VAC.S3.M
		with 3m cable with non-rewireable Schuko plug
		16A 230V (IP44)

LED Floodlight PLAZA 925

Use: Indoor and Outdoor

Advertising panels, gateways to yards, illumination of storefronts and objects, for emergency and salvage services, schools, public buildings...

Appropriate for all areas, that need a broad illumination area.

Lighting distribution curve (at 30W)

LED Power	30W
Voltage	230V AC
LED lighting efficiency	100lm/W
CRI-Index (colour rend. index)	Ra>80
Lifetime of LED	>50.000h
Loss of luminous flux	<10%
LED Consistency of switching	>1 Mio
Correlated colour temperature	5.500K
Operating range of temperature	-40°C up to +55°C
Material housing + reflector	aluminium
Colour	silver-grey
Cover	5mm safety-glass
International protection / protection class	IP65 / I
Weight	2,3kg
Dimensions L x W x H	225 x 185 x 125 mm

Advantages

- Full luminous flux is immediately available
- Less power consumption at very high utilization ratio
- Minimum of temperature growth
- Extremely consistent in switching (>1 Mio)
- Maintenance free
- Broad operating range
-40°C up to +55°C
- No UV/IR-radiation
- Insensible against pushing and vibrations

Already included in the scope of delivery:

- retaining bracket for ceiling- wall- or floormounting

Lightning colour coolwhite 5.500K

Watt EDP-No. Product-ID-No.

30W	91110	925.FLOOD.LED.30W.CW.230VAC.IP65.S3.GG.M with 3m Proflex cable with non-rewireable Schuko plug 16A 230V (IP44)
30W	91539	925.FLOOD.LED.30W.CW.230VAC.IP65.M without cable

Different powers, voltages and colour temperatures on request!

LED Spotlight PLAZA 925

Use: Indoor and Outdoor

Specific accentuation in the facades and object lighting.

Advantages

- Full luminous flux is immediately available
- Less power consumption at very high utilization ratio
- Minimum of temperature growth
- Extremely consistent in switching (>1 Mio)
- Maintenance free
- Broad operating range
-40°C up to +55°C
- No UV/IR-radiation
- Insensible against pushing and vibrations

Already included in the scope of delivery:

- retaining bracket for ceiling- wall- or floormounting

LED Power	30W
Voltage	230V AC
LED lighting efficiency	100lm/W
CRI-Index (colour rend. index)	Ra>80
Lifetime of LED	>50.000h
Loss of luminous flux	<10%
LED Consistency of switching	>1 Mio
Corralated colour temperature	3.500K
Operating range of temperature	-40°C up to +55°C
Material housing + reflector	aluminium
Colour	silver-grey
Cover	5mm safety-glass
International protection / protection class	IP65 / I
Weight	2,3kg
Dimensions L x W x H	225 x 185 x 125 mm

Lightning colour warmwhite 3.500K

Watt EDP-No. Product-ID-No.

30W	91112	925.SPOT.LED.30W.WW.230VAC.IP65.S3.GG.M with 3m Proflex cable with non-rewireable Schuko plug 16A 230V (IP44)

Lightning colour coolwhite 5.500K

Watt EDP-No. Product-ID-No.

30W	93088	925.SPOT.LED.30W.CW.230VAC.IP65.S3.GG.M with 3m Proflex cable with non-rewireable Schuko plug 16A 230V (IP44)
30W	93089	925.SPOT.LED.30W.CW.230VAC.IP65.M without cable

Different powers, voltages and colour temperatures on request!

LED Floodlight PLAZA 990

Use: Indoor and Outdoor

Advertising panels, gateways to yards, illumination of storefronts and objects, for emergency and salvage services, schools, public buildings...

Appropriate for all areas, that need a broad illumination area.

Lighting distribution curve (at 50W)

LED Power	50W
Voltage	230V AC
LED lighting efficiency	100lm/W
CRI-Index (colour rend. index)	Ra>80
Lifetime of LED	>50.000h
Loss of luminous flux	<10%
LED Consistency of switching	>1 Mio
Corralated colour temperature	5.500K
Operating range of temperature	-40°C up to +55°C
Material housing + reflector	aluminium
Colour	silver-grey
Cover	5mm safety-glass
International protection / protection class	IP65 / I
Weight	3,3kg
Dimensions L x W x H	290 x 236 x 206 mm

Advantages

- Full luminous flux is immediately available
- Less power consumption at very high utilization ratio
- Minimum of temperature growth
- Extremely consistent in switching (>1 Mio)
- Maintenance free
- Broad operating range
-40°C up to +55°C
- No UV/IR-radiation
- Insensible against pushing and vibrations

Already included in the scope of delivery:

- retaining bracket for ceiling- wall- or floormounting

Lightning colour coolwhite 5.500K

Watt EDP-No. Product-ID-No.

50W	91113	990.FLOOD.LED.50W.CW.230VAC.IP65.S3.GG.M with 3m Proflex cable with non-rewireable Schuko plug 16A 230V (IP44)
50W	91541	990.FLOOD.LED.50W.CW.230VAC.IP65.M without cable

Different powers, voltages and colour temperatures on request!

LED Spotlight PLAZA 990

Use: Indoor and Outdoor

Specific accentuation in the facades and object lighting.

Lighting distribution curve (at 50W)

Advantages

- Full luminous flux is immediately available
- Less power consumption at very high utilization ratio
- Minimum of temperature growth
- Extremely consistent in switching (>1 Mio)
- Maintenance free
- Broad operating range
-40°C up to +55°C
- No UV/IR-radiation

Lightning colour warmwhite 3.500K

Watt EDP-No. Product-ID-No.

50W	91115	990.SPOT.LED.50W.WW.230VAC.IP65.S3.GG.M with 3m Proflex cable with non-rewireable Schuko plug 16A 230V (IP44)
50W	91542	990.SPOT.LED.50W.WW.230VAC.IP65.M without cable

Different powers, voltages and colour temperatures on request!

LED Floodlight PLAZA 960

Use: Indoor and Outdoor

Advertising panels, gateways to yards, illumination of storefronts and objects, for emergency and salvage services, schools, public buildings...

Appropriate for all areas, that need a broad illumination area.

Lighting distribution curve (at 40W)

LED Power	40W
Voltage	230V AC / 24V DC
LED lighting efficiency	100lm/W
CRI-Index (colour rend. index)	Ra>80
Lifetime of LED	>50.000h
Loss of luminous flux	<10%
LED Consistency of switching	>1 Mio
Correlated colour temperature	5.500K
Operating range of temperature	-40°C up to +55°C
Material housing + reflector	aluminium
Colour	black
Cover	5mm safety-glass
International protection / protection class	IP65 / I
Weight	3,3kg
Dimensions L x W x H	262 x 185 x 230 mm

Advantages

- Full luminous flux is immediately available
- Less power consumption at very high utilization ratio
- Minimum of temperature growth
- Extremely consistent in switching (>1 Mio)
- Maintenance free
- Broad operating range
-40°C up to +55°C
- No UV/IR-radiation
- Insensible against pushing and vibrations

Already included in the scope of delivery:

- retaining bracket for ceiling- wall- or floormounting

Lightning colour coolwhite 5.500K

Watt EDP-No. Product-ID-No.

40W	91101	960.FLOOD.LED.40W.CW.230VAC.IP65.S3.GG.M with 3m cable with non-rewireable Schuko plug 16A 230V (IP44)
40W	91543	960.FLOOD.LED.40W.CW.230VAC.IP65.M without cable

Lightning colour coolwhite 5.500K - 24V DC

Watt EDP-No. Product-ID-No.

40W	91127	960.FLOOD.LED.40W.CW.24VDC.IP65.M
-----	-------	-----------------------------------

Different powers, voltages and colour temperatures on request!

LED Spotlight PLAZA 960

Use: Indoor and Outdoor

Specific accentuation in the facades and object lighting.

Lighting distribution curve (at 40W)

LED Power	20W / 40W
Voltage	230V AC / 24V DC
LED lighting efficiency	100lm/W
CRI-Index (colour rend. index)	Ra>80
Lifetime of LED	>50.000h
Loss of luminous flux	<10%
LED Consistency of switching	>1 Mio
Corralated colour temperature	5.500K
Operating range of temperature	-40°C up to +55°C
Material housing + reflector	aluminium
Colour	black
Cover	5mm safety-glass
International protection / protection class	IP65 / I
Weight	3,3kg
Dimensions L x W x H	262 x 185 x 230 mm

Advantages

- Full luminous flux is immediately available
- Less power consumption at very high utilization ratio
- Minimum of temperature growth

LED Floodlight PLAZA 970

Use: Indoor and Outdoor

Industrial halls, advertising panels, gateways to yards, facades, objects, sport facilities, traffic tunnel . . .

Appropriate for all areas, that need a broad illumination area.

Lighting distribution curve (at 70W)

LED Power	50W / 70W
Voltage	230V AC / 24V DC
LED lighting efficiency	100lm/W
CRI-Index (colour rend. index)	Ra>80
Lifetime of LED	>50.000h
Loss of luminous flux	<10%
LED Consistency of switching	>1 Mio
Correlated colour temperature	5.500K
Operating range of temperature	-40°C up to +55°C
Material housing + reflector	aluminium
Colour	black
Cover	5mm safety-glass
International protection / protection class	IP65 / I
Weight	7,4kg
Dimensions L x W x H	393 x 285 x 93 mm

Advantages

- Full luminous flux is immediately available
- Less power consumption at very high utilization ratio
- Minimum of temperature growth
- Extremely consistent in switching (>1 Mio)
- Maintenance free
- Broad operating range
-40°C up to +55°C
- No UV/IR-radiation
- Insensible against pushing and vibrations

Already included in the scope of delivery:

- retaining bracket for ceiling- wall- or floormounting

Accessory:

- Wheel holder (91012)
(see page 16)

Lightning colour coolwhite 5.500K

Watt	EDP-No.	Product-ID-No.

LED Floodlight PLAZA 972

Use: Indoor and Outdoor

Industrial halls, advertising panels, gateways to yards, facades, objects, sport facilities, traffic tunnel . . .

Appropriate for all areas, that need a broad illumination area.

Lighting distribution curve (at 140W)

Advantages

- Full luminous flux is immediately available
- Less power consumption at very high utilization ratio
- Minimum of temperature growth
- Extremely consistent in switching (>1 Mio)
- Maintenance free
- Broad operating range
-40°C up to +55°C
- No UV/IR-radiation
- Insensible against pushing and vibrations

Already included in the scope of delivery:

- retaining bracket for ceiling- wall- or floormounting

Accessory:

- Wheel holder (91012)
(see page 16)

LED Power	140W
Voltage	230V AC
LED lighting efficiency	100lm/W
CRI-Index (colour rend. index)	Ra>80
Lifetime of LED	>50.000h
Loss of luminous flux	<10%
LED Consistency of switching	>1 Mio
Corralated colour temperature	5.500K
Operating range of temperature	-40°C up to +55°C
Material housing + reflector	aluminium
Colour	black
Cover	5mm safety-glass
International protection / protection class	IP65 / I
Weight	10,6kg
Dimensions L x W x H	593 x 285 x 93 mm

Lightning colour coolwhite 5.500K

Watt	EDP-No.	Product-ID-No.
140W	91079	972.FLOOD.LED.140W.CW.230VAC.IP65.HI.M

Different powers, voltages and colour temperatures on request!

LED Spotlight PLAZA 972

Use: Indoor and Outdoor

Specific accentuation in the facades and object lighting.

Reach to approx. 200 m.

Lighting distribution curve (at 140W)

Advantages

- Full luminous flux is immediately available
- Less power consumption at very high utilization ratio
- Minimum of temperature growth
- Extremely consistent in switching (>1 Mio)
- Maintenance free
- Broad operating range
-40°C up to +55°C
- No UV/IR-radiation
- Insensible against pushing and vibrations

Already included in the scope of delivery:

- retaining bracket for ceiling- wall- or floormounting

Accessory:

- Wheel holder (91012)
(see page 16)

- Broad operating range
-30°C up to +60°C
- No UV/IR-radiation
- Insensible against pushing and vibrations
- Long living

LED Power	100W
Voltage	85-265V AC
LED lighting efficiency	100lm/W
CRI-Index (colour rend. index)	Ra>80
Lifetime of LED	>50.000h
LED Consistency of switching	>1 Mio
Corralated colour temperature	5.500K
Operating range of temp.	-30°C up to +60 C
Material housing + reflector	aluminium
Flying spot for lamp pipe diameter	up to approx. 9m up to 60mm
International protection / protection class	IP65 / I
Weight	9,7kg
Dimensions L x W x H	940 x 300 x 175 mm

Lightning colour coolwhite 5.500K

Watt EDP-No. Product-ID-No.

100W 91290 MASTANSATZL.920.85-265V.100W.CW.IP65.M

Different powers, voltages (also 24V DC for solar supply) and colour temperatures on request!

LED Street light PLAZA 1200

Use: Outdoor

lighting for streets, pathway, parking place, place space, school, industry, . . .

Lighting distribution curve (at 200W)

LED Power	200W
Voltage	85-265V AC
LED lighting efficiency	80lm/W
CRI-Index (colour rend. index)	Ra>80
Lifetime of LED	>50.000h
LED Consistency of switching	>1 Mio
Corralated colour temperature	5.500K
Operating range of temp.	-30°C up to +60 C
Material housing + reflector	aluminium
Flying spot for lamp pipe diameter	up to approx. 14m up to 60mm
International protection / protection class	IP65 / I
Weight	20,7kg
Dimensions L x W x H	1193 x 425 x 205 mm

Advantages

- Full luminous flux is immediately available
- Minimum of temperature growth
- Extremely consistent in switching (>1 Mio)
- Maintenance free
- Broad operating range
-30°C up to +60°C
- No UV/IR-radiation
- Insensible against pushing and vibrations
- Long living

Lightning colour coolwhite 5.500K

Technical changes reserved. V 10/2010/1

GIFAS AmbitLED (22 - 26VDC)

Technical data

- Illuminate: LED-stripe, cool white, approx. 6500K
- Intensity per LED: min. 1900 mcd @20mA
- Supply voltage: 24V DC¹ (22-26VDC)
- Power consumption: 1,6W, 4W, od. 8 W / m (at 24V DC)
- Protection: IP67
- Operating temperature: -25°C to 50°C
- Application area: to 2000m above sea level
- Connector: 2-pin screwed connector
- Cable: 2x0,75mm², halogen-free
UV- and weatherproof,
flexible down to -40°C

Product properties

- Compact LED-light bar
- Housing made of aluminium casting
- Surface anodized
- Stainless steel mounting clamp
- Hight protection IP67
- Lights source: LED-stripe
- LED-stripe in moisture- and dust-tight sealing compound (opal/frosted or transparent/clear)
- Connection: 2-pins, robust metal M16 industrial connector, IP67
- Terminal cross section: max. 0,75mm² / clamping range 4-8mm
- Protection cap included in delivery in case of loop-connection
- Loop-connection for light chain

cable with mounted connector

2-pin-plug connection

LED-sealing compound opal

LED-sealing compound transparent

clamp: back variable, front fixed

drawing clamp: left variable, right fixed

¹In order to guarantee a reliable and save operation of the LED-module it is mandatory to employ an electronic stabilised power supply.

LED spotlights

SpotLED

Product properties

- compact, small floodlight in modern design
- housing colours: white or black
- housing is made of aluminium die casting
- clamp made of stainless steel, powder coated
- International protection class: IP66
- source of light: 5 high-impact LEDs
- angles of light ray 8°, 26°, 45° or 2x45°/3x8° (optic on LEDs)
- connection 10-30VDC directly
- connection 230VAC via power adapter

Technical data

- lighting device: 5 power LEDs a 3W, white 6000 K
- voltage: 12 VDC, 24VDC (range 10-30 VDC)
or via power supply 230VAC / 24VDC
- power consumption: 0,5A 24VDC
1,0A 12VDC
- dimensions: 118 x 84 x 67 mm
- weight: 0,35 kg
